#2a - 1/02	+6.8%	Approved	Eff. 2/1/02

With this filing, the company requests an overall rate increase of +15.5% or +\$1,519,097 (6,350 policyholders).

Along with the base rate increase, the company has made territory realignments moving several parishes from Territory A to new Territory E. The company states "Territory E is being established to reflect the area which is near the coast and is greatly affected by hurricane activity". There will be 6,350 policies in Territory E and they will see an average +33.29% increase because of the territory split. The company says they will not notify the policyholder that the territory has changed and they will not inform the policyholder that this change may or may not affect their premium. The parishes that are now in Territory E are as

follows:

Allen, Beauregard, East Baton Rouge, East Feliciana, Evangeline, Livingston, Pointe Coupee, St. Helena, St. Landry, St. Tammany, Tangipahoa, Washington, West Baton Rouge and West Feliciana.

The company also proposes the following:

- Add an optional \$950 Deductible amount.

Manual pages have been revised to reflect these changes.
