With this filing, the company is adopting only the Cannabis Exclusion Rules found in ISO Filing Designation No. GL-2018-RRU18. These Cannabis Exclusion Rules are found in the revisions to rule 36, rule 46, rule 47, and rule 49. We are also adopting the Louisiana state supplement that revises Rule 46 to replace two of the countrywide cannabis exclusions with Louisiana state specific endorsements. We will be filing to adopt the remainder of GL-2018-RRU18 at a later date. The company is proposing to delay implementation until 11/01/2020. This adoption will be used in conjunction with the company’s Dealer Operations Program.

In addition to adopting the ISO's Cannabis Exclusion rules, we are:

- Adding new CG-CE-LD and CG-CE-SIR pages to address usage of our large deductible and self-insured retention forms.
- Updating form availability under Rule 36, and adding form usage instructions and pricing under the Additional Rules section of our rule pages.
- Updating our rating rule, allowing adjustment for risk characteristics not contemplated in the a-rate formula.
- Introducing exceptions to ISO's Composite Rating Rule clarifying availability for the Products/Completed Operations coverage part and lowering the premium eligibility threshold.

The companies are also making the following revisions.

Rule 16. Additional Interests CG2001 is a revised ISO endorsement that is part of filing GL-2018-OFR18. Pricing for this endorsement is currently in our EMC Supplement Manual and we are moving it to our Agents Manual. We are amending the pricing to be more in line with our competitors. We are also adding clarification that this endorsement and pricing also applies to Products/Completed Operations coverage forms CG0037 and CG2039 is a new ISO endorsement introduced in filing GL-2018-OFR18. This form is a blanket version of ISO form CG2037. We used the pricing we currently have on file for CG2037 in the development of this endorsement's pricing. CG2040 is a new ISO endorsement introduced in filing GL-2018-OFR18. This form is a blanket version of ISO form CG2037 except it has upstream language. We used the pricing we currently have on file for CG2037 in the development of this endorsement's pricing. CG2041 is a new ISO endorsement introduced in filing GL-2018-OFR18. This form is a blanket version of ISO form CG2010 only it includes completed operations which are subject to the general aggregate. We used the pricing we currently have on file for CG2010 in the development of this endorsement's pricing. CG2042 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. CG2043 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. CG2044 is a new ISO endorsement introduced in filing GL-2018-OFR18. We currently have an EMC version of the form on file (CG7582). We used its pricing in development of this endorsement's pricing. CG3405 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding a new rule stating this form is not available for Pollution coverage forms CG0039 and CG0040. Per ISO this is a non-premium bearing endorsement so there is no pricing. CG3408 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding a new rule stating this form is not available. CG3409 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding a rule stating this form is not available.

Rule 33. Special Rules applicable to the Claims-Made Coverage Form (Subline Codes 334/336) We are adding a new rule to clarify that CG0002 is not available for use.

Rule 36. Description of Additional Optional Endorsements CG0471 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding this new rule to clarify that this form is not available for use. CG0472 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding this new rule to clarify that this form is not available for use. We are adding new rules for CG2107 and CG2108 to clarify that these forms are not available for use. CG2131 and CG2154 are revised endorsements that are part of filing GL-2018-OFR18. CG2272, CG2297, CG2302, and CG2303 are new endorsements introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. CG2404 is a revised ISO endorsement that is part of filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. Our original pricing was published in our EMC Supplement manual. CG2453 and CG2454 are new endorsements introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. We are adding new rules for CG2545, CG2546, and CG3436 to clarify that these forms are not available for use. CG3437 is a new ISO endorsement introduced in filing GL-2018-OFR18. We are adding this new rule to clarify that this form is not available for use. CG3438 is a new endorsement introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. CG4007 and CG4008 are new endorsements introduced in filing GL-2018-OFR18. Our pricing structure removes the payroll covered by the wrap-up from the named insured’s policy. The insured is not charged for operations covered by a wrap-up.

Rule 42. Electronic Data Coverage We are adding this new rule to clarify that CG0065 is not available for use.

Rule 45. Liquor Liability Coverage We are adding this new rule to clarify that CG0033 and CG0034 are not available for use.

Rule 47. Pollution Liability Coverage We are adding a new rule to clarify that CG0039 and CG0040 are not available for use.

Rule 48. Products/Completed Operations Liability Coverage We have added a new rule to state that CG2547, CG2548, and CG3539 are not available. CG3412, CG3413, and CG3414 are new endorsements introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors. CG3424, CG3425, CG3426, and CG3427 are new endorsements introduced in filing GL-2018-OFR18. Our pricing structure removes the payroll covered by the wrap-up from the named insured’s policy. The insured is not charged for operations covered by a wrap-up.

Rule 49. Railroad Protective Liability CG3422 is a new endorsement introduced in filing GL-2018-OFR18. We are introducing pricing that is consistent with our competitors.

Rule 51. Elevator or Escalator Inspection Charge Added new rule stating this rule does not apply.

Rule 52. Coverage for Insureds for Injury to Leased Workers We are adding a new rule and pricing that is consistent with our competitors.

Rule 53. Underground Storage Tank Coverage We are adding a new rule stating this form is not available.

Rule 54. Year 2000 Computer-Related Endorsements We are adding a new rule stating these forms are not available.

GL004 Employee Benefits Liability Coverage Newly added rule for endorsement CG7626. The premium
charge is based on the liability limit selected and the number of employees. Rating is based on the rates that we use in all other states in which we already write this coverage. These rates have proven to be adequate, competitive and not discriminatory.

GL006 Emergency Medical Services Personnel Newly added rule for endorsement CG7661. The premium charge is based on the liability limit selected and the number of employees. Rating is based on the rates that we use in all other states in which we already write this coverage. These rates have proven to be adequate, competitive and not discriminatory.

The following rate/rules are being updated:
I. Manual Premium - We clarified that a head count equivalent may be dependent on the industry. We chose rate changes and minimums based on our countrywide loss data.
II. Hazard Group Factors – We added more hazard groups for more hazardous industries with higher
expected frequencies and severities. We also added hazard groups for an Allied Healthcare industry based closely on CNA/MedPro, already approved in your state. A slight adjustment was made for Lawyers to balance from other changes made.

III. Increased Limit Factor – We added factors for the healthcare industry based closely on CNA, already approved in your state, for any limit under $2,000,000. Any limit above $2,000,000 we used our factors for all other industries, which has been approved in many states.

IV. Retention Factor – We added a factor for a retention of $0 based on actuarial judgment.

V. Prior Acts Factor – Factors have been added for the healthcare industry based closely on CNA/MedPro. We also changed our factors for lawyers to be more in line with AmGuard and Arch.

VIII. Coverage Upgrade Factors – We have added three additional aggregate limits for Security and Privacy Liability Coverages to offer higher limits. These factors are based off THREE, which has been approved in many states. We increased the charge for Pollution Liability Coverage based on industry pollution liability terms.

XVI. Head Count Basis – A head count option to rate healthcare has been added. The conversion factors were based on judgment and industry data on average healthcare professional salaries.

XVII. Pay Plan Factor – A pay plan factor has been added based on expense justification.

XVIII. Prior Acts Factor – Factors have been added for the healthcare industry based closely on CNA/MedPro. We also changed our factors for lawyers to be more in line with AmGuard and Arch.

XIX. Coverage Upgrade Factors – We have added three additional aggregate limits for Security and Privacy Liability Coverages to offer higher limits. The above-captioned company is filing initial rates/rules for the above-captioned program.

Church Mutual Insurance Company, S.I. has over 120 years of experience writing religious institutions. Due to the changing needs of this market, and other markets Church Mutual has entered into, the company is transitioning to a new product that will continue to provide appropriate coverage to existing customers while also allowing the flexibility to respond more quickly to future market trends.

The company states that the policy attributes for their customers currently purchasing their Independent Commercial Package Institutional Program and Independent Church Package program products were identified and compared to the new product that Church Mutual is introducing at this time. The initial base rates for the new product were developed to minimize premium variance and to produce similar state level average written premiums as compared to the Independent Commercial Package Institutional Program and Independent Church Package Program products that it is designed to replace. Next, adjustments were made to account for coverage differences. Church Mutual will be transitioning and handling subsequent renewals of our legacy book of business by using a rate capping rule for the Property, General Liability and Medical Professional lines of business. Church Mutual will calculate capping factors using information available at the time of transition. Church Mutual believe the final rate and factor selections adequately reflect the anticipated exposure and the proper steps have been taken to manage dislocation among our customer base.

The company will be utilizing a loss cost multiplier of 1.552.
Since the company is transitioning and will be handling subsequent renewals of legacy book of business to this new program, there will result in a +4.6% rate increase or +$365.

There will be 1,305 Louisiana policyholders affected by this rate increase.

With this filing, the company is proposing the following revisions to its Lawyers Professional Liability Program.

• Base Rate – The base premium uses number of attorneys as an exposure base. The base rate is expressed as a rate per attorney and can be found on rate page 1. The base rate is decreasing with this filing, which is being offset by overall increases in Increased Limit and Deductible Factors, Area of Practice factors, and Specialization factors.

• Firm Size Credits – Firm size modification factors are decreasing for all firm sizes with the most significant decreases occurring for firms with greater than 20 attorneys. The factors can be found on rate page 5.

• Increased Limit and Deductible Factors - Increased limit and deductible factors, shown on rate page 3, are also being modified to better align with historical loss experience. We are also updating the structure of our Increased Limit and Deductible Factor tables to use a two-way approach that more clearly shows the factor applied based on limit and deductible selected. We believe this new structure more accurately reflects differences in exposure to loss based upon limit and deductible than the old structure.

• Area of Practice – Area of Practice factors, shown on rate pages 6-7, are also being adjusted to better align with historical loss experience. The Areas of Practice with the most significant increases include Domestic Relations, Labor Law – Union, and Collection / Repossession, and Areas of Practice with the most significant decreases include Corporate Formation, Construction / Building Contracts, and Real Estate – Title Work.

• Litigation History – Our litigation history factors, shown on rate page 8, have been adjusted for firm sizes over 5 with nonzero loss ratios as well as for firm sizes of five and under that have at least $10,000 of incurred losses. The most significant increases are for firms with loss ratios between 1% and 50%, and the most significant decreases are for firms with loss ratios over 150%.

• Schedule Rating – The maximum credit/debit for each characteristic within our Schedule Rating Plan, found on rate page 10, has been modified. The new maximum credit/debit is +/- 25%.

• Specialization Factors – We introduced credits for firms specializing in a low number of practice areas with our most recent filing (internal filing #2014-04-0051). With this filing we are further refining our specialization factors based upon additional years of historical loss experience. We are splitting specialization into two components. The first component is a credit, found on rate page 18, for firms whose entire practice is in a single specialization. The second component, found on rate page 19, is a factor that will be used to recognize differences in exposure to loss based upon the concentration of work in each area of specialization. We believe this new structure more accurately reflects differences in exposure to loss based upon level of specialization than the old structure.

• Minimum Premium – With this filing we are introducing a more complex minimum premium structure, where minimum premiums will vary by Limit Type, Occurrence Limit amount, and Aggregate Limit Amount. Previously we had only one minimum premium of $750. We believe the new minimum premium structure will be more intuitive to agents and insureds, and more accurately reflects differences in exposure to loss based on limit type and amount.

These changes will result in a -3.8% rate decrease or -$10,953.00.

There will be 2 Louisiana policyholders affected by this rate decrease.

Revised rules in response to Terrorism Risk Insurance Program Reauthorization Act of 2019 (TRIA)

Company Reference: LA20-14TRIA2019 (PL-2020-OTEMU)

Requested Effective Dates - New: 07/01/2021  Renewal: 07/01/2021

The last revision to the Property Insurance Association of Louisiana's (PIAL) Terrorism Risk Insurance Program Reauthorization Act (TRIA) was in March 2015 (Item Key #319746) to be effective March 17, 2015.

With this filing, PIAL proposes the following changes:

- Revise various terrorism option rules to reflect the extension of the federal Terrorism Risk Insurance Program.
- Replace references to the previous scheduled termination date (December 31, 2020) of the federal Terrorism Risk Insurance Program with the new scheduled termination date of December 31, 2027.
- Delete tables referencing obsolete years and outdated federal share percentages. Further, PIAL is revising various rules to indicate that Insurance Services Office, Inc. (ISO) disclosure endorsements reflect the current 80% federal share percentage.

The rule now reads as follows:

**Rule A#.- Terrorism Options - Federal Backstop**

A. The "Terrorism Risk Insurance Act" and accompanying regulations establish a program within the Department of the Treasury in which the Federal Government will share the risk of loss from terrorist attacks with the insurance industry. Federal participation will be triggered when the Secretary of the Treasury certifies an act of terrorism, in accordance with the provisions of the federal Terrorism Risk Insurance Act, to be an act of terrorism committed by an individual(s), provided the terrorist act results in aggregate losses in excess of $5 million. With respect to insured losses resulting from a certified act of terrorism, the Federal Government will reimburse individual insurers for 80% of that portion of the amount of such insured losses that exceeds the applicable insurer retention.

The insurer's retention is based on a specified percentage of the insurer's earned premium for the year preceding the loss. Insured losses covered by the program are capped at $100 billion per year; this provision serves to limit insurers' liability for losses.

The federal share percentage for the duration of the federal program pursuant to the Further Consolidated Appropriations Act, 2020 (cited as the Terrorism Risk Insurance Program Reauthorization Act of 2019) is 80% for each of the calendar years 2020 through 2027. If the federal program is reauthorized past 12/31/2027 and there are no changes to the federal share, then the 80% federal share will continue to apply for each year beyond the end of 2027. The disclosure endorsement reflects the 80% federal share percentage.

Updating Form LA-HO4 1 1212 to HO4 1 1220
a) Exclusion C.2.F is added to Section II - Additional Coverages. This excludes property rented to the insured by a landlord or lessor from the Damage to Property of Others coverage. Coverage for this type of loss is now provided by "Tenant Damage Protection Coverage".
b) Under Section II - Additional Coverages, "E. Tenant Damage Protection Coverage" is added.
c) Paragraph C.1.c. is added under Section I - Property Coverages. A. Coverage C - Personal Property. This covers a potential coverage gap that may occur when an insured buys a policy on a new apartment and cancels an existing policy while property is still located in previous locations.
d) Other changes were made to align with HO 2011 versions of forms.

New Coverage Endorsements

Form MU 21 03 04 19 - Loss of Rent Coverage - This extra protection is being added that provides coverage for the landlord's loss of rents that the tenant may be responsible for causing due to a loss defined in the form. This coverage is being included at no extra cost on all policies.

Form MU 21 01 04 19 - Corporate of Business Leased Residence Coverage Endorsement - This optional endorsement allows coverage in situations where a business entity leases a rental unit for residential occupancy. The authorized occupants residing in the unit will be covered as an insured.

Form MU 21 02 04 19 - Unlisted Additional Insured Coverage Endorsement - This optional endorsement extends the definition of an insured to include residents of a household that are authorized occupants on the lease or rental agreement.

Form MU HO47 04 19 - Limited Bed Bug Remediation Coverage Endorsement - This optional endorsement provides limited remediation expense coverage due to bed bug infestations.

Form MU HO48 11 16 - Electronics Protection Coverage Endorsement - This optional endorsement provides protection for systems, appliances and electronics.

The company is also updating the special provisions: HO 01 17 10 20 - Special Provisions - Louisiana replacing HO 01 17 01 18

The company is also removing the following forms which are no longer needed as they were withdrawn by ISO with the 2011 forms update under filing HO-2010-OFR10:
a) HO 04 96 10 00 - No Section II - Liability Coverages for Home Day Care Business, Limited Section I - Property Coverages for Home Day Care Business
b) HO 16 09 01 09 - Water Exclusion Endorsement

The Plus Package is also being removed at this time only. Zero policies have the coverage.

Rating steps have been revised to incorporate the changes listed and are detailed in the accompanying manual pages.

These changes will result in an overall rate decrease of -0.02% or -$519 (351 policyholders).

Requested Effective Dates - New: 03/01/2021  Renewal: 03/01/2021

The above-captioned company wishes to introduce an Installment Payment Plan for use with its Louisiana Homeowners Voluntary Program.

The Louisiana Homeowners Voluntary Program initial rates and rules were filed as Item Key #800832 and were still pending as of January 4, 2021.

This installment payment plan is identical to the installment payment plan for the company's Assumed Homeowners' program, recently approved under LDI #692943.

The installment payment plan is as follows:

**Rule 630. Direct Bill Program Payment Plans**

A. Minimum written premium to qualify for installment billing: $250.

B. Annual Pay: Policy is required to be paid in full; no installment fee.

C. Two optional payment plans are available in this program:

1. **Semi-Annual (2 pay)**
   55% Down
   45% / Billing date 180 days from the policy effective date.

2. **Quarterly (4 pay)**
   25% Down
   25%, 25%, 25% / Billing dates 60, 150, 240 days from the policy effective date.

D. Installment fees are $6. An installment fee does not apply to the down payment.

Introduction of Louisiana Homeowners Voluntary Program
Company Reference: AMOHC20-001
Requested Effective Dates - New: 03/01/2021  Renewal: 03/01/2021

The above-captioned company is filing its initial rates and rules for use with its Louisiana Homeowners Voluntary Program.

The company states "Ocean Harbor's Voluntary manual is nearly identical to the rate and rules manual from its Assumed Homeowners' program, recently approved under LDI #692938. The only revisions to the rate and rules manual are to eliminate any references to Louisiana Citizens Assumption. There are no rate revisions. The rates for the Assumed program were deviated 10% downward from Louisiana Citizens' rates. We believe a need exists in the marketplace to provide our Homeowners' program to more policyholders and, as such, we are proposing to use the approved Assumed Program as a basis to accept voluntary homeowners business in the state of Louisiana".

The above-captioned company is filing initial rates for the above-captioned program.

The product is a retiree medical stop loss insurance product that would assist employers and the plans that they sponsor in meeting their obligations to provide benefits under retiree medical plans to eligible participants, including former employees and their dependents, most of whom are Medicare eligible. Reimbursement will work as it would in a traditional stop loss product and is written for a single premium on a closed group of retirees. The contract remains in force until all covered lives have died.

The product has an individual attachment point of $100, unless negotiated by the contract holder, and will pay up to a per-participant per-year maximum (Upper Corridor Limit) that will vary based on the specific benefit design of the underlying retiree medical plan. In addition to a reimbursement for plan benefits, the contract also includes an experience refund that is based on utilization experience. The experience refund is the sum of refunds determined with respect to each participant. For each participant, the refund is a percentage of the difference between the upper limit, net of the attachment point, and the actual reimbursements paid by Prudential with respect to the retiree. This percentage, also subject to contract holder negotiations, will not exceed 95%, in order for Prudential to retain morbidity risk.

Prudential will market this product as a vehicle for large employers (i.e. those sponsoring retiree medical plans with more than 100 plan participants).

Requested Effective Dates - New: 03/01/2021 Renewal: 03/01/2021

The above-captioned company wishes to submit a revised manual page to be used with its Commercial Farm and Ranch Masonic Temples 2020 Program.

With this filing, the company proposes to revise manual page MC-CL-CWR-RR5-LA.

**Revised Manual Page**

**MC-CL-CWR-RR5-LA (1/1/2021)**

This page is being revised to reflect editorial changes to add Reserve for future use and to update the edition date.

The company states "The intent of the filing is simply to keep the edition of our Farm manual page, MC-CL-CWR-RR5-LA current with the other lines of business that have recently filed a revision to this page. The manual page has been filed in other lines to add the rule for MIL 1221, Distinctive Additional Coverages. This form will not be issued under Commercial Farm. We have revised the Commercial Farm manual page to "Reserve for future use" and have updated the edition date to be consistent with the recent filings in other lines of business".

The above-captioned company wishes to submit a revised manual page to be used with its Commercial Property Masonic Temples 2020 program.

The company is introducing a revised manual page to be utilized with its Monument Endorsement and Distinctive Additional Coverages Manual Page.

**Revised Manual Page**

**MC-CL-CWR-RR5 (1/1/2021)**

Revised manual page introduces a rule to accompany new endorsement, MIL 1221, Distinctive Additional Coverages. Because the coverages are similar to the company's currently approved Monument Endorsement, it proposes the same rate.

These new coverages are optional.

When coverage is provided using either endorsement, a flat charge of $75 applies.

The above-captioned company wishes to introduce a revision for use with their Commercial Property Lender Placed Flood Program.
With this filing, the company proposes this filing to be in compliance with the Regulatory Agreement entered into with multiple states in 2017.

The Lender Placed Flood Program provides coverage for an insured lending institution when a borrower, after multiple reminders, fails to provide evidence of flood insurance to protect the lender's interest in the property as required by the loan agreement.

The company states "Flood coverages are subject to catastrophic loss events and the limited experience in the state is not enough for an actuarially sound rate review. Instead the rates are evaluated based on a comparison to National Flood Insurance Program's Mortgage Portfolio Protection Program (MPPP) rates. Overall the Flood rates are lower than MPPP rates and we propose not to change the Flood rates. We propose to keep the current rates at this time. We will review the rates again when enough data has been collected for a credible rate review".

The company proposes to keep the current Flood Rates.

The last rate revision to this program was -9.5% or -$1,897,749 which was approved under LDI Item Key Number 792970 effective 12/28/2020 for both new and renewal business.

With this filing, the companies propose to remove the Withdrawal from Use (WFU) option and the corresponding premium credit from the Commercial Auto Program.

Because the premium increase responds to a reinstatement of coverage, the removal of WFU produces no overall rate impact. Due to the usage of WFU typically being short-term and temporary in nature, the number of policies electing WFU can vary greatly from month to month. The maximum number of commercial WFU policies the companies have had in a month for the last 12 months is 160 policies.

There is no rate impact associated with this filing.
