RE: Summary Report – Regulation 53 — Basic Health
Insurance Plan Pilot Program

Dear President Cortez, Speaker Schexnayder, Senator Talbot, and Representative Huval:

The Louisiana Department of Insurance (LDI) hereby submits the following summary report required by La. R.S. 49:968(D)(1)(b), and announces its intention to finalize Regulation 53, which was published as a Notice of Intent in the October 2022 edition of the *Louisiana Register*.

Interested persons were provided an opportunity to submit comments to the LDI on the proposed regulation. The LDI received a comment in response to the Notice of Intent and the LDI responded accordingly. This comment and the LDI's response is summarized below and enclosed for your review.

Comment: Jeff Holloway submitted the following comment:

Vicki, I am confused. This puts ages up to age 24 and single. The ACA says to age 26 including being married. Please pass this on for clarification.

LDI Response to Comment:

The LDI determined that it would be appropriate to amend Section 3145.F of the Notice of Intent for Regulation 53 by deleting the sentence “Nothing in the LA Health Plan shall be construed so as to be in violation of any federal or state law or regulation with the exception of laws specifically preempted by R.S. 22:2241-2247.” The Louisiana Basic Health Insurance Plan Pilot Program (LA Health) is not an active program and thus does not conform with current federal or state law. If LA Health becomes an active program in the future, Regulation 53 will be amended to conform with current federal or state law.

Since this is a substantive change, the LDI gave the public an opportunity for a hearing as published in a potpourri in the December 2022 edition of the *Louisiana Register*. A public hearing was held on January 26, 2023, at 10:00 a.m. in the Poydras Hearing Room, Poydras Building, 1702 North Third Street, Baton Rouge, Louisiana. No interested persons wishing to make comments attended the public hearing.

Subject to legislative oversight, the LDI intends to submit Regulation 53 to the Office of the State Register for final publication in the March 2023 edition of the Louisiana Register. A copy of the summary report will be placed on the LDI’s website in accordance with La. R.S. 49:968(D)(1)(c).

MACs in the Louisiana Administrative Code to align with legislative mandates. It is anticipated that implementation of this proposed rule will not result in costs to MACs and licensed long-term care facilities in FY 22-23, FY 23-24, and FY 24-25, but will be beneficial by ensuring that the language in the administrative rule accurately reflects current licensure requirements.

IV. ESTIMATED EFFECT ON COMPETITION AND EMPLOYMENT (Summary)

This rule has no known effect on competition and employment.

Right to Farm—Diminution of Value of Agricultural Property Guidelines

Pursuant to R.S. 3:3609, the department provides the following guidelines for owners of private agricultural property and governmental entities to assist in determining which governmental actions are likely to result in the diminution of value of private agricultural property.

For purposes of these guidelines, the following terms shall mean:

Diminution in Value—an existent reduction of twenty percent or more of the fair market value or the economically viable use of, as determined by a qualified appraisal expert, the affected portion of any parcel of private agricultural property or the property rights thereto for agricultural purposes, as a consequence of any regulation, rule, policy, or guideline promulgated for or by any governmental entity.

Governmental Action—annexation of territory by a governmental entity and the issuance of a rule, regulation, policy, or guideline promulgated for or by any governmental entity, or an order or other legally binding directive having the force of law or capable of being enforced by government. However, “governmental action” does not mean the following:

- (a) a formal exercise of the power of eminent domain;
- (b) the adoption, enactment, repeal, or amendment of a statute or resolution by the legislature;
- (c) a governmental action directed or mandated by an order of a court of competent jurisdiction;
- (d) law enforcement activity involving the seizure or forfeiture of private agricultural property for a violation of law or as evidence in a criminal proceeding;
- (e) an order issued as a result of a violation of law;
- (f) actions taken to enforce a mortgage or other valid security device;
- (g) actions taken in compliance with federal law or regulation; or
- (h) a result of police power to prohibit activities that are harmful to the public safety and health

Governmental Entity—

- (a) a board, authority, commission, department, office, or agency of the state government;
- (b) a local governmental subdivision with a population of less than four hundred twenty-five thousand; or
- (c) a special purpose district.

Private Agricultural Property—bona fide agricultural, aquacultural, silvicultural, floracultural, viticultural, or horticultural land that is assessed as such for parish ad valorem taxes as agricultural lands under homestead exemption that is wholly owned by a private citizen or

citizens, or a privately or publicly held corporation, partnership, limited partnership, nonprofit corporation, or other legal entity and that is located outside the corporate limits of any municipality.

Governmental actions that may result in the diminution of private agriculture property value include, but are not limited to, the issuance of rules, regulations, policies, guidelines, ordinances, practices, or actions for or by any governmental entity that may involve:

1. zoning, rezoning, or other land-use changes;
2. oil- and gas-production;
3. drainage;
4. right of way or right of access;
5. placement of public works facilities; or
6. the annexation of territory by a governmental entity;

The above and foregoing is an illustrative list, and any determination of whether any specific governmental action results in the diminution of the value of private agricultural property is a case-by-case examination and must be considered on an individual basis.

Nothing in these guidelines shall be construed to restrict the factors to be considered in any determination of whether a reduction of private agricultural property value has occurred, or the cause of any such reduction.

The Department of Insurance published a Notice of Intent to amend its rule, Regulation 53, to update statutory references that have been redesignated and to modify terminology as provided in Act 56 of the 2022 Regular

Session of the Louisiana Legislature, in the October 20, 2022, Volume 48, No. 10 edition of the *Louisiana Register*.
