PART 1: ADMINISTRATIVE AND GENERAL INFORMATION

1.1 Purpose

The LDI is issuing this Solicitation for Offers (SFO) for the purpose of soliciting Offers from interested entities that wish to provide insurance producer, adjuster and insurance consultant license examination services, fingerprint collection and submission and related services within the LDI’s licensing and market compliance program.

1.2 Background

The Louisiana Department of Insurance, Office of Licensing, is soliciting Offers for providing fingerprinting and pre-license testing for residents seeking an insurance license.

Louisiana laws La. The examination tests the knowledge of the individual concerning the lines of authority for which an application is made, the duties and responsibilities of the insurance producer, adjuster or insurance consultant, and the insurance laws and regulations of Louisiana. Additionally, first time licensees must provide fingerprints, which are submitted for a criminal history record check so that the Commissioner of Insurance can determine eligibility for the license.

1.3 Goals and Objectives

The objectives include, but are not limited to, providing examination and fingerprinting services, which satisfy both the regulatory mandates for the Louisiana Department of Insurance (LDI) and the needs of the public being served.

A candidate for such examination may be required to meet certain technology requirements to participate in remote testing.
- Develop and maintain a bank of licensing examination questions sufficient to remove the ability of any person(s) from recreating the examination through repetition of testing.
- Provide score reports for all examination candidates, including a pass/fail indicator to the LDI via a data transfer process, within one business day of examination administration.
The report must include sufficient information to determine the identity of the examination candidate.

- Maintain a level of security for the bank of questions sufficient to remove the ability of any person(s) from gaining unauthorized access to the questions and answers.
- Establish and maintain a mechanism for the positive identification of all examination candidates.
- Establish and maintain a customer service policy which timely addresses candidate concerns and inquiries. Inquiries submitted via email or left by phone voice message are addressed within 48 hours.
- Establish a mechanism for the electronic capture of pre-license education course completions directly from the pre-license education course providers and an electronic method to verify that a license candidate has complied with any additional mandatory pre-license requirements prior to exam registration.
- Provide reports to the LDI of the pre-license education course completions within one business day of receipt from the pre-license education provider. The report must include sufficient information to determine the identity of the examination candidate and identify the LDI assigned course number and completion date.
- Establish and maintain Electronic Data Transfer (EDT) capability with the LDI, authorized business partners and National Insurance Producer Registry.
- Provide the LDI with statistical data on pass/fail rates for each examination and on pre-licensing schools, via monthly and quarterly reports, as well as an annual report. Reports should include pass/fail rates for overall, first time attempts and repeat test takers as well as per pre-license education provider per examination. Reports should also include a breakdown of performance on individual exam sections both by pre-license education provider and by test takers overall. Pass/Fail reports shall also be made available by the vendor to the general public either by request or by posting to the vendor’s website.

- Develop examination questions with the approval of the LDI, as well as hold an annual meeting in Baton Rouge, Louisiana, or via web conference, with industry experts, the LDI and Contractor personnel to review, discuss and evaluate examination questions.
• Collect fingerprints of all resident licensing candidates, including the candidates for licenses which do not require examination, and individuals who are otherwise required to be fingerprinted in association with a license or permit issued by the LDI, and submit those prints electronically to the Louisiana State Police.

• Collect, maintain and secure signed documents required by the Louisiana State Police and Federal Bureau of Investigations from individuals submitting fingerprints and make those documents available to the LDI upon request for the duration of the contract period.

• Provide daily reports via secure electronic data transfer on the identity of all individuals from whom fingerprints were collected in association with a requirement by the LDI.

• Develop a process where LDI is notified of any service outages or interruptions within four (4) business hours of the outage or interruption.

• Develop and distribute licensing information handbooks, upon LDI’s approval.

• Provide daily reports to the LDI on any closures or other interruptions of either fingerprinting or testing services at any location and timely notices using email, phone calls or text messages to candidates scheduled for an examination at any location with a service interruption.

• Maintain a method for contacting candidates scheduled for an examination at any location with a service interruption to reschedule the examination date.

• Provide up-to-date information regarding site closures or service interruptions on a website easily accessible by candidates.

This section should also include a summary of the Offeror's qualifications and ability to meet the State agency's overall requirements in the timeframes set by the agency.

The executive summary should include a positive statement of compliance with the contract terms, see Sample Contract, Attachment IV. If the Offeror cannot comply with any of the contract terms, an explanation of each exception should be supplied. The Offeror should address the specific language in the Sample Contract, Attachment IV and submit whatever exceptions or exact contract modifications that its firm may seek. Customer references, including name, title, company name, address and telephone number should be provided for the cited projects in the individual resumes.

1.9.7 Veteran and Hudson Initiative Programs Participation

The State of Louisiana Veteran and Hudson Initiatives are designed to provide additional opportunities for Louisiana-based small entrepreneurship (sometimes referred to as LaVet’s and SE's respectively) to participate in contracting and procurement with the State. A certified Veteran-Owned and Service-Connected Disabled Veteran-Owned small entrepreneurship (LaVet) and a Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) small entrepreneurship are businesses that have been certified by the Louisiana Department of Economic Development. All eligible vendors are encouraged to become certified. Qualification requirements and online certification are available at: https://smallbiz.louisianaeconomicdevelopment.com.

If an Offeror is not a certified small entrepreneurship as described herein, but plans to use certified small entrepreneurship(s), Offeror shall include in their proposal the names of their certified Veteran Initiative or Hudson Initiative small entrepreneurship subcontractor(s), a description of the work each will perform, and the dollar value of each subcontract.
During the term of the contract and at expiration, the Contractor will also be required to report Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurship subcontractor or distributor participation and the dollar amount of each.

In SFO’s requiring the compliance of a good faith subcontracting plan, the State may require Offerors to submit information on their business relationships and arrangements with certified LaVet or Hudson Initiative subcontractors at the time of offer review. Agreements between an Offeror and a certified LaVet or Hudson Initiative subcontractor in which the certified LaVet or Hudson Initiative subcontractor promises not to provide subcontracting quotations to other Offerors shall be prohibited.

If performing its evaluation of offers, the State reserves the right to require a non-certified Offeror to provide documentation and information supporting a good faith subcontracting plan. Such proof may include contracts between Offeror and certified Veteran Initiative and/or Hudson Initiative subcontractor(s).

If a contract is awarded to an Offeror who proposed a good faith subcontracting plan, the using agency, the Louisiana Department of Economic Development (LED), or the Office of State Procurement (OSP) may audit Contractor to determine whether Contractor has complied in good faith with its subcontracting plan. The Contractor must be able to provide supporting documentation (i.e., phone logs, fax transmittals, letter, e-mails) to demonstrate its good faith subcontracting plan was followed. If it is determined at any time by the using agency, LED, or the OSP Director that the Contractor did not in fact perform in good faith its subcontracting plan, the contract award or the existing contract may be terminated.

A current list of certified Veteran-Owned and Service-Connected Disabled Veteran-Owned and Hudson Initiative small entrepreneurships may be obtained from the Louisiana Economic Development Certification System at: https://smallbiz.louisianaeconomicdevelopment.com

Additionally, a list of Hudson and Veteran Initiative small entrepreneurships, which have been certified by the Louisiana Department of Economic Development and who have opted to register in the State of Louisiana LaGov Supplier Portal:
This may be accessed from the State of Louisiana Procurement and Contract (LaPAC) Network: https://wwwcfprd.doa.louisiana.gov/OSP/LaPAC/vendor/VndPubMain.cfm.

When using this site, determine the search criteria (i.e. alphabetized list of all certified vendors, by commodities, etc.) and select SmallE, VSE, or DVSE.

**1.9.8 Cost Information**

The Offeror shall provide the cost for providing all services described in the SFO. Offerors are to complete the chart in Attachment II: Cost Offer Template and provide a weighted average examination fee. For reference, an estimated number of examinations to be given for each license line are provided. These estimates are based on the average number of examinations given and fingerprints taken over the last few years.

**Weighted Average Examination Fee**

To develop the weighted average examination fee, Offeror will take the number of individual exams given for a specific fee type and multiply that number by the fee amount being charged for that respective exam to get the total cost of exams given for that specific fee type. Offeror will do this for all nineteen (19) fee types. Offeror will add all of the total cost of exams given for each specific fee type to get the cost of all exams, which will then be divided by the total number of exams given to get the weighted average total.

Contractor’s remuneration shall be solely in the form of fees charged for examination and other licensing services provided and shall be collected by Contractor from the licensing applicants. No travel or other expenses of any kind will be reimbursed to Contractor.

Offeror should take into consideration that they will be expected to travel to Baton Rouge, Louisiana, at least three (3) times per year to meet with LDI personnel. In addition, the Contractor shall hold an annual Examination Development Committee meeting in Baton Rouge, or via web conference, which permits participation from multiple parties. Offeror should develop its Cost Statement to accommodate all travel and other expenses as none will be reimbursed under this contract.

**1.9.9 Certification Statement**

The Offeror must sign electronically or submit a scanned signature on Attachment I, the Certification Statement.
1.10 Technical and Cost Offers

The State requests that one (1) copy of the offer be submitted to Shannon Gilchrist, Procurement Director, and shall contain original signatures of the company officials or agents who are duly authorized to sign proposals or contracts on behalf of the organization. An electronic signature as provided by LAC 4:I.701 et seq. is considered an original signature. A certified copy of a board resolution granting such authority should be submitted if the Offeror is a corporation. The proposal will be retained for incorporation into any contract resulting from this SFO.

In addition to the original copy, the LDI requires five (5) copies of the offer, as well as (1) redacted copy, if applicable, and five (5) copies on USB flash drives. **Do not put the Cost Offer on the USB flash drive.** The Cost Offer should be submitted in a separate sealed envelope labeled “Cost Offer”.

1.11 Legibility/Clarity

Responses to the requirements of this SFO in the formats requested are desirable with all questions answered in as much detail as practicable. The Offeror’s response should demonstrate an understanding of the requirements. Offers prepared simply and economically, providing a straightforward, concise description of the Offeror's ability to meet the requirements of the SFO are also desired. Each Offeror shall be solely responsible for the accuracy and completeness of its offer.

1.12 Confidential Information, Trade Secrets, and Proprietary Information

All financial, statistical, personal, technical and other data and information relating to the State's operation which are designated confidential by the State and made available to the Contractor in order to carry out the contract, or which become available to the Contractor in carrying out the contract, shall be protected by the Contractor from unauthorized use and disclosure through the observance of the same or more effective procedural requirements as are applicable to the State. The identification of all such confidential data and information as well as the State's procedural requirements for protection of such data and information from unauthorized use and disclosure shall be provided by the State in writing to the Contractor. If the methods and procedures employed by the Contractor for the protection of the Contractor's data and information are deemed by the State to be adequate for the protection of the State's confidential information, such methods and procedures may be used, with the written consent of the State, to carry out the intent of this paragraph. The Contractor shall not be required under the provisions of the paragraph to keep confidential any data or information which is or becomes publicly available, is already rightfully in the Contractor's possession, is independently developed by the Contractor outside the scope of the contract, or is rightfully obtained from third parties.
Under no circumstance shall the Contractor discuss and/or release information to the media concerning this project without prior express written approval of the LDI.

Only information which is in the nature of legitimate trade secrets or non-published financial data shall be deemed proprietary or confidential. Any material within a proposal identified as such must be clearly marked in the proposal and will be handled in accordance with the Louisiana Public Records Act, La. R.S. 44: 1-44 and applicable rules and regulations. Any proposal marked as confidential or proprietary in its entirety shall be rejected without further consideration or recourse.

1.13.2 Blackout Period

The blackout period is a specified period of time during a competitive sealed procurement process in which any Offeror, bidder, or its agent or representative, is prohibited from communicating with any state employee or contractor of the State involved in any step in the procurement process about the affected procurement. The blackout period applies not only to state employees, but also to any contractor of the State. “Involvement” in the procurement process includes but may not be limited to project management, design, development, implementation, procurement management, development of specifications, and evaluation of offers for a particular procurement. All solicitations for competitive sealed procurements will identify a designated contact person, as per Offer inquiries section of this SFO. All communications to and from potential Offerors, bidders, vendors and/or their representatives during the blackout period must be in accordance with this solicitation’s defined method of communication with the designated contact person. The blackout period will begin upon posting of the solicitation. The blackout period will end when the contract is awarded.

In those instances in which a prospective Offeror is also an incumbent contractor, the State and the incumbent contractor may contact each other with respect to the existing contract only. Under no circumstances may the State and the incumbent contractor and/or its representative(s) discuss the blacked-out procurement.

Any bidder, Offeror, or state contractor who violates the blackout period may be liable to the State in damages and/or subject to any other remedy allowed by law.

Any costs associated with cancellation or termination will be the responsibility of the Offeror or bidder.

Notwithstanding the foregoing, the blackout period shall not apply to:

- A protest to a solicitation submitted pursuant to La. R.S. 39:1671;
- Duly noticed site visits and/or conferences for bidders or Offerors;
- Oral presentations during the evaluation process
- Communications regarding a particular solicitation between any person and staff of the procuring agency provided the communication is limited strictly to matters of procedure. Procedural matters include deadlines for decisions or submission of proposals and the proper means of communicating regarding the procurement, but shall not include any substantive matter related to the particular procurement or requirements of the SFO.
1.14 Error and Omissions in Proposal

The State reserves the right to seek clarification of any offer for the purpose of identifying and eliminating minor irregularities or informalities.

1.15 Changes, Addenda, Withdrawals

The State reserves the right to change the schedule of events or revise any part of the SFO by issuing an addendum to the SFO at any time. Addenda, if any, will be posted at https://wwwcfprd.doa.louisiana.gov/osp/lapac/pubMain.cfm.

It shall be the responsibility of the Offeror to check the website for addenda to the SFO.

1.16 Withdrawal of Offer

An Offeror may withdraw an offer that has been submitted at any time up to the date and time the offer is due. To accomplish this, a written request signed by the authorized representative of the Offeror must be submitted to Shannon Gilchrist, Procurement Director.

1.17 Waiver of Administrative Informalities

The LDI shall reserve the right, at its sole discretion, to waive minor administrative informalities contained in any offer.

1.18 Offer Rejection/SFO Cancellation

Issuance of this SFO in no way shall constitute a commitment by the State to award a contract. The State shall reserve the right to accept or reject, in whole or part, all offers submitted and/or cancel this SFO if it is determined to be in the State’s best interest.

1.19 Ownership of Offer

All materials submitted in response to this SFO shall become the property of the State. Selection or rejection of an offer shall not affect this right.

1.20 Cost of Offer Preparation

The State shall not be liable for any costs incurred by Offerors prior to issuance of or entering into a contract. Costs associated with developing the offer, preparing for oral presentations, and
any other expenses incurred by the Offeror in responding to this SFO shall be entirely the responsibility of the Offeror and shall not be reimbursed in any manner by the State.

1.21 Taxes

Contractor shall be responsible for payment of all applicable taxes from the funds to be received under contract awarded from this SFO.

In accordance with La. R.S. 39:1624(A)(10), the Louisiana Department of Revenue must determine that the prospective contractor is current in the filing of all applicable tax returns and reports and in payment of all taxes, interest, penalties, and fees owed to the state and collected by the Department of Revenue prior to the approval of the contract by the Office of State Procurement. The prospective contractor shall attest to its current and/or prospective compliance by signing the Certification Statement, Attachment I, submitted with its proposal, and also agrees to provide its seven-digit LDR Account Number to the contracting agency so that the prospective contractor’s tax payment compliance status may be verified. The prospective contractor further acknowledges understanding that issuance of a tax clearance certificate by the Louisiana Department of Revenue is a necessary precondition to the approval and effectiveness of the contract by the Office of State Procurement. The contracting agency reserves the right to withdraw its consent to the contract without penalty and proceed with alternate arrangements should the vendor fail to resolve any identified apparent outstanding tax compliance discrepancies with the Louisiana Department of Revenue within seven (7) days of such notification.

1.22 Determination of Responsibility

Determination of the Offeror’s responsibility relating to this SFO shall be made according to the standards set forth in LAC 34:2536. The State must find that the selected Offeror:

- Has adequate financial resources for performance, or has the ability to obtain such resources as required during performance;
- Has the necessary experience, organization, technical qualifications, skills, and facilities, or has the ability to obtain them;
- Is able to comply with the proposed or required time of delivery or performance schedule;
- Has a satisfactory record of integrity, judgment, and performance; and
- Is otherwise qualified and eligible to receive an award under applicable laws and regulations.

Offerors should ensure that their offers contain sufficient information for the State to make its determination by presenting acceptable evidence of the above to perform the contracted services.
1.23 **Use of Subcontractors**

The State shall have a single prime Contractor as the result of any contract negotiation, and that prime Contractor shall be responsible for all deliverables specified in the SFO and offer. This general requirement notwithstanding, Offerors may enter into subcontractor arrangements, however, shall acknowledge in their offers total responsibility for the entire contract.

If the Offeror intends to subcontract for portions of the work, the Offeror shall identify any subcontractor relationships and include specific designations of the tasks to be performed by the subcontractor. Information required of the Offeror under the terms of this SFO shall also be required for each subcontractor, upon request of the State. All offers will be reviewed to determine compliance with administrative and mandatory requirements as specified in the SFO. Offers that are not in compliance will be rejected from further consideration.

1.26 **Evaluation and Selection**

The written invitation to participate in BAFO will not obligate the State to a commitment to enter into a contract.

Offeror must receive a minimum score of 31.5 points (50%) of the total available points in the technical categories of Professional Competence, Louisiana & Government Experience and Service Approach to be considered responsive to the SFO. Offers not meeting the minimum
score shall be rejected and not proceed to further Contractor’s Compensation or Louisiana Veteran and/or Hudson Initiative evaluation.

3.1 Cost Evaluation

The Offeror with the lowest of both examination and fingerprint submission fees combined shall receive the total cost points allowed. Other Offerors shall receive cost points based upon the following formula:

\[ CCS = (LPC/TCP \times 25) \]

Where:
- \( CCS \) = Computed Cost Score (points) for Offeror being evaluated
- \( LPC \) = Lowest Proposed Cost of all Offerers
- \( TCP \) = Total Cost of Offeror being evaluated

3.2 Veteran-Owned and Service-Connected Disabled Veteran-Owned Small Entrepreneurships (Veteran Initiative) and Louisiana Initiative for Small Entrepreneurships (Hudson Initiative) Programs Participation

A. Twelve percent (12%) of the total evaluation points in this SFO are reserved for Offerors who are certified small entrepreneurship, or who will engage the participation of one or more certified small entrepreneurship as subcontractors. Reserved points shall be added to the applicable Offerors’ evaluation score as follows:

B. Offeror Status and Allotment of Reserved Points

i. If the Offeror is a certified Veterans Initiative small entrepreneurship, the Offeror shall receive points equal to twelve percent (12%) of the total evaluation points in this SFO.

ii. If the Offeror is a certified Hudson Initiative small entrepreneurship, the Offeror shall receive points equal to ten percent (10%) of the total evaluation points in this SFO.

iii. If the Offeror demonstrates its intent to use certified small entrepreneurship(s) in the performance of contract work resulting from this solicitation, the Offeror shall receive points equal to the net percentage of contract work which is projected to be performed by or through certified small entrepreneurship subcontractors, multiplied by the appropriate number of evaluation points.

iv. The total number of points awarded pursuant to this Section shall not exceed twelve percent (12%) of the total number of evaluation points in this SFO.

If the Offeror is a certified Veterans Initiative or Hudson Initiative small entrepreneurship, the Offeror must note this in its proposal in order to receive the full amount of applicable reserved points.
If the Offeror is not a certified small entrepreneurship, but has engaged one (1) or more Veterans Initiative or Hudson Initiative certified small entrepreneurship(s) to participate as subcontractors, the Offeror shall provide the following information for each certified small entrepreneurship subcontractor in order to obtain any applicable Veterans Initiative or Hudson Initiative points:

i. Subcontractor’s name;
ii. Subcontractor’s Veterans Initiative and/or the Hudson Initiative certification;
iii. A detailed description of the work to be performed; and
iv. The anticipated dollar value of the subcontract for the three-year contract term.

**Note** – it is not mandatory to have a Veterans Initiative or Hudson Initiative certified small entrepreneurship subcontractor. However, it is mandatory to include this information in order to receive any allotted points when applicable.

If multiple Veterans Initiative or Hudson Initiative subcontractors will be used, the above required information should be listed for each subcontractor. The Offeror should provide a sufficiently detailed description of each subcontractor’s work so the Department is able to determine if there is duplication or overlap, or if the subcontractor’s services constitute a distinct scope of work from each other subcontractor(s).

The continuation of this contract is contingent upon the appropriation of funds to fulfill the requirements of the contract by the legislature. If the legislature fails to appropriate sufficient monies to provide for the continuation of the contract, or if such appropriation is reduced by the veto of the Governor or by any means provided in the appropriations act to prevent the total appropriation for the year from exceeding revenues for that year, or for any other lawful purpose, and the effect of such reduction is to provide insufficient monies for the continuation of the contract, the contract shall terminate on the date of the beginning of the first fiscal year for which funds are not appropriated.
Termination for Cause

The State may terminate this contract for cause based upon the failure of the Contractor to comply with the terms and/or conditions of the contract; provided that the State shall give the Contractor written notice specifying the Contractor’s failure. If within thirty (30) days after receipt of such notice, the Contractor shall not have either corrected such failure or, in the case of failure which cannot be correct in thirty (30) days, begun in good faith to correct said failure and thereafter proceeded diligently to complete such correction, then the State may, at its option, place the Contractor in default and the contract shall terminate on the date specified in such notice. The Contractor may exercise any rights available to it under Louisiana law to terminate for cause upon the failure of the State to comply with the terms and conditions of this contract; provided that the Contractor shall give the State written notice specifying the State’s failure and a reasonable opportunity for the State to cure the defect.
